

Release Notes include New Features, Enhancements, Fixes, and Known Issues.

Internal users can use the ISSUE code to view the original Issue in JIRA.

External users can use the menu path in the DESCRIPTION to navigate to the page of the software application where the change was applied. Consult with your Solution Consultant for more information.

NEW FEATURES	
ISSUE	DESCRIPTION OF THE NEW FEATURE
MM-0101	Forms - "Pre-Admission Forms" Section: Ability to fill out forms with partial information prior to admission of client to facility (in preparation of InTake process).

ENHANCEMENTS	
ISSUE	DESCRIPTION OF THE ENHANCEMENT
MM-0423	Option to select a diagnosis as a primary diagnosis for the client: Ability to sort multiple diagnosis in an ordered list with the top one designated as the primary diagnosis.
MM-0804	Intake form builder-Spell Check: Spell check functionality now covers Intake forms as well.
MM-2082	Make Face Sheet customizable and add patient picture: Client picture now shows on the facesheet.
MM-2886	iPad Medications- No sig showing in grid: iPad medications list now also shows SIG (like web-based medication list).
MM-3073	Signature permission for Group Session: Roles now have an additional option to complete group sessions. This allows to have multiple signers required to sign / complete a group session (such as when an intern is signing off, but a secondary signature is required).
MM-3084	Hide MedicalMime support users from the Users list in Administration section: This both simplifies the user experience and improves security.
MM-3144	Custom form Builder- Spell check missing: Spell check functionality now covers custom form builder tool as well.
MM-3153	Remove tabs from viewing: Minor cleanup of un-used tabs.
MM-3156	Add labels for data to auto fill in forms: Added fields {Admission Date, Discharge Date, Therapist, Insurance Provider, Address, Phone} to set of auto-populated fields in forms.

FIXES

ISSUE	DESCRIPTION OF THE FIX
MM-2304	Nothing happens when clicking Print when trying to print a receipt
MM-3110	Readmit Patient-Expected Admission and Expected Discharge dates are auto filling in
MM-3160	User roles-Delete intake forms does not allow you to delete non-custom intake forms
