**How do I download and  
install the Medical Mime  
Mac Application?**

Please follow these step-by-step instructions to complete your Medical Mime download.

If you have questions or require assistance, please contact your Medical Mime Customer Service Representative for assistance.

# Step 1

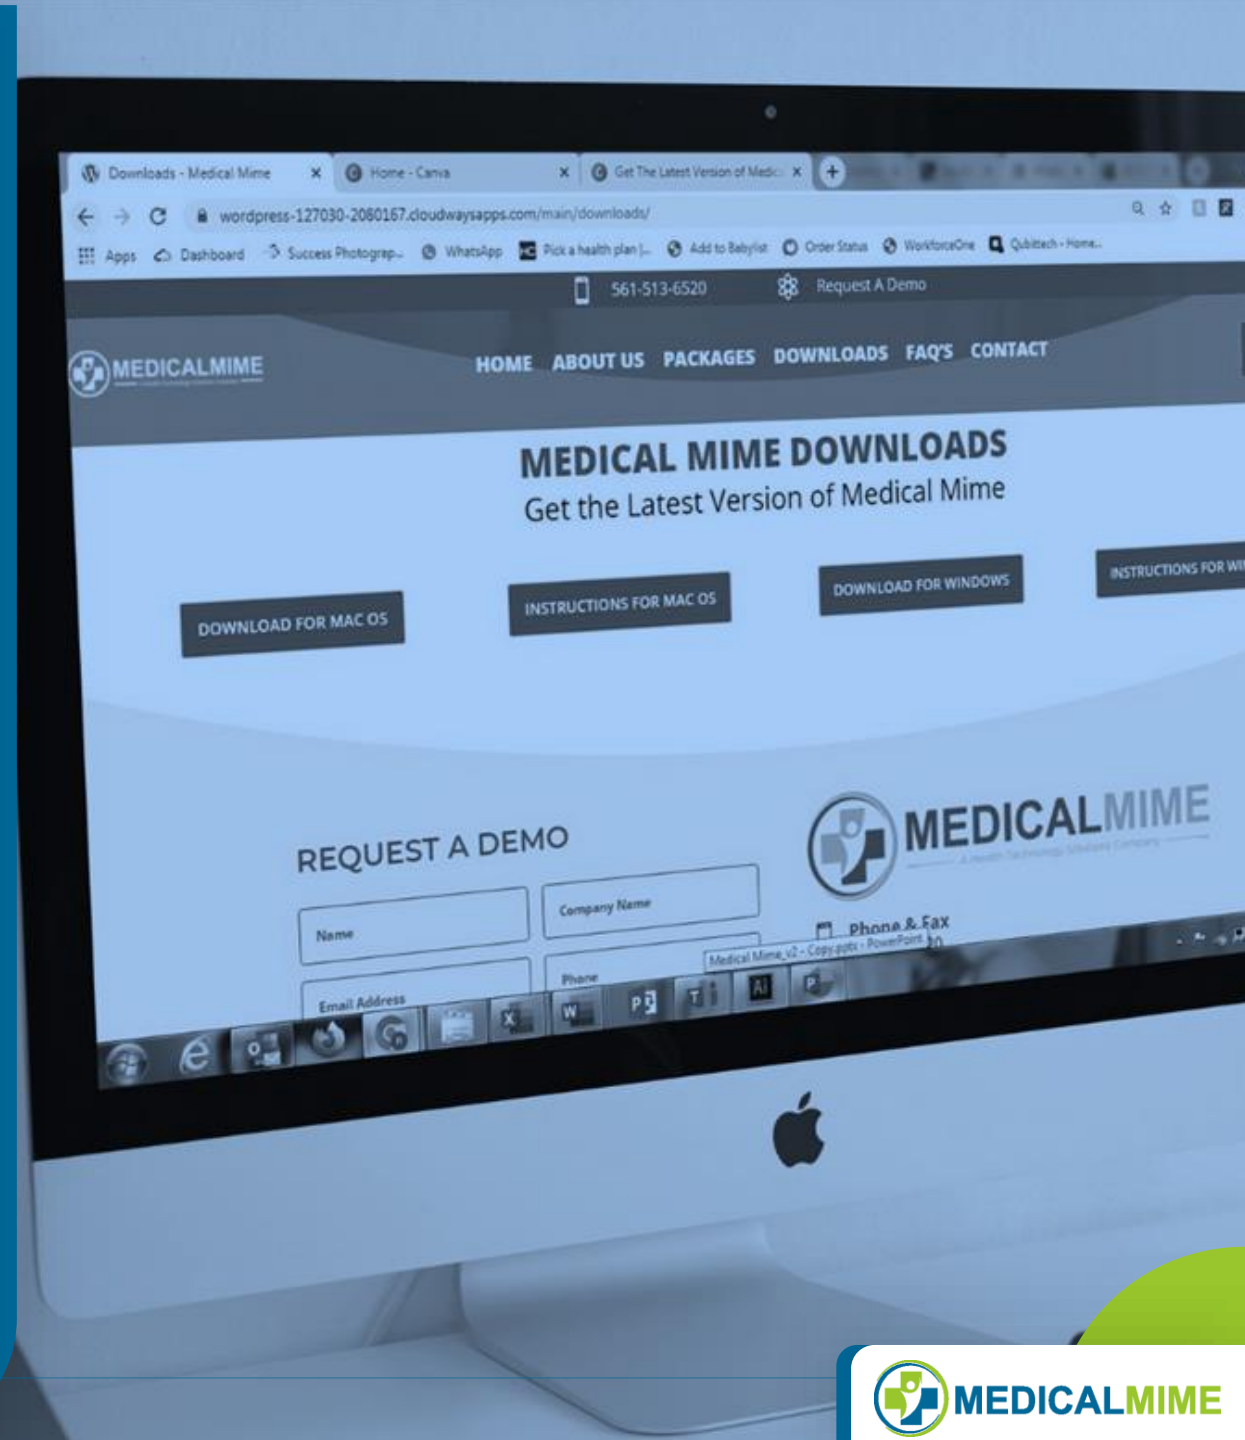

Click the Microsoft or Mac download link on [www.medicalmime.com](http://www.medicalmime.com) (installation requires PC admin rights)

# Step 2

After the file is downloaded, go to the Download section and double click on Medicalmime.app.zip to unzip the file.

# Step 3

You should now see a file called Medicalmime in the Downloads section. Move that file to Applications.

## Step 4

In Applications, double click on the file and it should run the Medicalmime app. If you get a message box stating: **Medicalmime is an application downloaded from the internet. Are you sure you want to open it?**

## Step 5
